NOTA:

Observatie: Desi Normele CEMT prevăd posibilitatea depunerii solicitărilor de suplimentare după data de 04 ianuarie 2023, Secreatraitul CEMT a constatat că un numar de 55 de solicitari au fost depuse înainte de această dată; Comisia CEMT va lua măsuri ca, la alocările ulterioare (începând cu anul 2024), solicitarile de suplimentare sa fie inregistrate si primite separat, respectand termenele precizate in Normele CEMT	
Alocarea matematică a autorizațiilor CEMT disponibile a inclus cererile depuse până la 10.01.2023, pentru categ Euro V și până la 28.12.2022 în cazul CEMT Euro VI, liber Austria	
•	Ținând seama de numarul limitat de aut CEMT disponibile (83 autorizatii CEMT Euro V și 10 Euro VI, libere pe relatia Austria), Secretariatul CEMT a evaluat, în ordinea strictă a depunerii, un număr de 188 solicitări de suplimentare, depuse pana la 31.01.2023; solicitarile respective se refera la un numar suplimentar de 206 autorizatii CEMT "Euro V" si 23 autorizatii CEMT "Euro VI". In afara acestor solicitari, începând cu 01 februarie 2023 și până în prezent, Secretariatul CEMT a mai primit un număr de aproximativ 100 cereri de suplimentare sau solicitări noi CEMT; ele vor fi analizate ulterior, în funcție de disponibilități.
•	Pentru a asigura accesul cât mai multor solicitanți la autorizațiile CEMT, pornind de la numărul insuficient de autorizații CEMT disponibile dar și de necesitatea utilizarii, intensive, a autorizațiilor CEMT: Comisia CEMT a constatat ca nu se poate asigura, in aceste conditii, alocarea unei autorizatii CEMT pentru solicitantii cu parc 1 auto si nici alocarea unui numar de autorizatii CEMT la nivelul parcului declarat CEMT (ex. parc 2 auto sau 3 auto); numarul maxim de aut CEMT, stabilit de Comisia CEMT, este de maxim 2, raportat la parcul declarat si la numarul de aut CEMT alocate;
•	autorizatiile CEMT "Euro VI" sigur" au fost alocate numai pentru solicitantii de "liber" Austria;
•	autorizațiile CEMT sau restricțiile alocate se solicită în termen de 20 de zile de la afișarea Listei;
•	reamintim faptul că autorizaţiile CEMT categoria "Euro V" pot fi utilizate pentru parcul "Euro VI" dar reciproca nu este valabilă (o autorizatie CEMT "Euro VI" nu poate fi utilizat de un vehicul "Euro V")
•	Comisia CEMT nu a avut la dispozitie libere de Rusia - ele se vor aloca solicitantilor in ordinea solicitarilor, dupa confirmarea, de catre ADR, a utilizarii relatiei Rusia;
•	solicitările ramase nesolutionate din Lista vor fi solutionate, în ordinea afișată, în măsura în care Comisia CEMT va dispune de autorizaţii CEMT suplimentare (returnate, anulate, etc); tinând seama de deficitul important de autorizatii CEMT, Comisia CEMT va tine seama, la alocările ulterioare, de modul de utilizare, de catre solicitanţi, a autorizaţiilor CEMT.
